

Introduction

(Read this as though you wrote it and have fun)

Here at _____, we are on the constant lookout for ways to get even better at what we do. Our speaker, Cary Mullen, has done 'anything' but tiptoe through life. As a two-time Olympian, and World Cup Champion, he has lived on the edge as a ski racer competing all over the world.

Just like us, Cary believes in doing things Smarter, Faster, and Better. In fact he set the world Downhill speed record, on the world's most famous ski course – in Kitzbuehl, Austria. This downhill record still exists today at an amazing speed of 97mph (151 km/h)! (I don't even drive my car that fast anymore.)

Cary Mullen is the author of a brand new book, titled *"HOW to WIN"-Short Stories & Strategies for Success*. He is also an entrepreneur. Since retiring from Sport he has expanded his real estate development company internationally. He is currently building over 200 condominiums on the ocean in Mexico. (We'd all love to be there!)

Cary and his wife Kristina have three small children, all under the age of 6 - busy house.

(*) Here is some ski footage of Cary and some of his comrades. Let's watch it on the screen.

Please welcome CARY MULLEN!!
